Archetypes

SURVIVOR (nature: what you are)

No matter what happens, no matter the odds or opposition, the Survivor always manages to pull through. Whether alone or with a group, the Survivor's utter refusal to accept defeat oftenmakes the difference between success and failure. Survivors are frustrated by others' acceptance of "what fate has in store" or willingness to withstand less than what they can achieve. Outcasts, street folk and idealists may well be Survivor Archetypes.

System:Regain one point of Willpower whenever you survive a threatening situation through tenacity, or when another persists in spite of opposition due to your counsel.

SOLDIER (demeanor: how you behave)

The Soldier is not a blindly loyal follower. While she exists for orders, she does not adhere to them unquestioningly. More independent than a Conformist but too tied into the idea of command to be a Loner, the Soldier applies her own techniques to others' goals. While she may seek command herself someday, her ambitions lie within the established hierarchy and structure. The Soldier has no compunctions about using whatever means necessary to do what needs to be done, so long as the orders to do so came from the right place.
