Archetypes

SURVIVOR (nature: what you are)

No matter what happens, no matter the odds or opposition, the Survivor always manages to pull through. Whether alone or with a group, the Survivor's utter refusal to accept defeat oftenmakes the difference between success and failure. Survivors are frustrated by others' acceptance of "what fate has in store" or willingness to withstand less than what they can achieve. Outcasts, street folk and idealists may well be Survivor Archetypes.

System:Regain one point of Willpower whenever you survive a threatening situation through tenacity, or when another persists in spite of opposition due to your counsel.

LONER (demeanor: how you behave)

Even in a crowd, the Loner sticks out, because he so obviously does not belong. Others view Loners as pariahs, remote and isolated, but in truth, the Loner prefers his own company tothat of others. For whatever reason, the Loner simply disdains others, and this feeling is often reciprocated. Criminals, radicals and free thinkers are all Loner Archetypes.
