Archetypes

SURVIVOR (nature: what you are)

No matter what happens, no matter the odds or opposition, the Survivor always manages to pull through. Whether alone or with a group, the Survivor's utter refusal to accept defeat oftenmakes the difference between success and failure. Survivors are frustrated by others' acceptance of "what fate has in store" or willingness to withstand less than what they can achieve. Outcasts, street folk and idealists may well be Survivor Archetypes.

System:Regain one point of Willpower whenever you survive a threatening situation through tenacity, or when another persists in spite of opposition due to your counsel.

SOLDIER (demeanor: how you behave)

The Soldier is not a blindly loyal follower. While she exists for orders, she does not adhere to them unquestioningly. More independent than a Conformist but too tied into the idea of command to be a Loner, the Soldier applies her own techniques to others' goals. While she may seek command herself someday, her ambitions lie within the established hierarchy and structure. The Soldier has no compunctions about using whatever means necessary to do what needs to be done, so long as the orders to do so came from the right place.

Gifts of Gaia

RESIST PAIN: ●○○○○ -

-- Philodox/Children of Gaia gift

Fortifying herself with purpose and will, the werewolf shuts out the pain of her wounds. A bear- or badger-spirit teaches this Gift.

-- System

The player spends one Willpower point: the character ignores all wound penalties for the rest of the scene.

RAZOR CLAWS: ●○○○○ -

-- Ahroun/Gets of Fenris gift

By raking his claws over stone or another hard surface, the Ahroun hones them to razor sharpness. Either a cat- or bear-spirit teaches this Gift.

-- System

The player spends one Rage point and the Ahroun takes a full turn sharpening her claws. All claw attacks do two additional dice of damage and are made at -1 difficulty for the rest of the scene.

MASTER OF FIRE: ●○○○○ -

-- Homid gift

Fire-spirits were among the very first to make pacts with humanity, allowing men to warm themselves, drive off wild beasts, and clear the land. The cornerstones of civilization were laid in these simple acts, granting the spirits of flame much prestige. Homid Garou remember and continue to call upon these ancient pacts to protect themselves as the final fires of the Apocalypse loom. An ancestor-spirit or fire elemental teaches this Gift.

-- System

The player spends one Gnosis point. For the rest of the scene, fire inflicts Bashing rather than Aggravated damage to the Garou.
