Gifts of Gaia

CITY RUNNING: ●○○○○ - Climb like an Ape

-- Homid gift

Humans are creatures of the city, raising their steel and glass nests high into the sky. This Gift allows a homid to easily scale the concrete canyons and navigate the tangled back alleys and rooftops of the urban landscape. Some lupus derisively refer to this Gift as "Climb Like an Ape." It is taught by an ancestor-spirit or an urban city-spirit.

-- System

The player spends a point of Rage. For the rest of the scene, the character may climb urban features at her full movement speed, and the difficulty of all Athletics rolls to navigate through cities (running down cluttered alleys, climbing the side of buildings, leaping from rooftop to rooftop) is reduced by two.

RESIST PAIN: ●○○○○ -

-- Philodox/Children of Gaia gift

Fortifying herself with purpose and will, the werewolf shuts out the pain of her wounds. A bear- or badger-spirit teaches this Gift.

-- System

The player spends one Willpower point: the character ignores all wound penalties for the rest of the scene.
