Gifts of Gaia

SENSE WYRM: ●○○○○ -

-- Metis/Black Furies/Stargazers gift

The werewolf can sense nearby manifestations of the Wyrm. This Gift involves a mystical sense, not a visual or olfactory image, although Garou often describe the Wyrm's spiritual emanations as a stench. This Gift doesn't necessarily sense dedication to the Wyrm, merely contact with its spiritual essence, which can cling to even blameless souls. Sense Wyrm requires active concentration: the spiritual sense it provides doesn't function passively. The Gift may be taught by any Gaian spirit.

-- System

The player rolls Perception + Occult. The difficulty depends on the concentration and strength of the Wyrm's influence: sensing a single fomor in the next room would be difficulty 6, while detecting the stench of a Bane that was in the room an hour ago would be difficulty 7. Vampires register as Wyrm-tainted, save those with Humanity ratings of 7 or higher.

APECRAFT'S BLESSINGS: ●○○○○ -

-- Homid gift

Though many of Gaia's children use tools, none have mastered them so thoroughly as humanity. The homid focuses this mastery into the tools she uses, causing their spirits to awaken and lend her aid. An ancestor-spirit or spirit of a man-made object teaches this Gift.

-- System

The werewolf spends a turn concentrating, and then the player rolls Wits + Crafts (difficulty 7). Each success reduces the difficulty by one on the next roll she makes for her character to employ a tool made by human hands. The purpose is irrelevant—this Gift is equally efficacious for attempts to repair an engine, drive a car or fire a gun.
