

Gifts of Gaia

MOTHER'S TOUCH: ■□□□□ -

-- Theurge/Children of Gaia gift
The Theurge channels spiritual power through her hands, mending the wounds of any other living creature. This Gift may not heal the werewolf herself, spirits, or the undead. A bear- or unicorn-spirit teaches it.
-- System
The player spends one Gnosis point and rolls Intelligence + Empathy (difficulty is the target's current Rage, or 5 for those with no Rage). Each success heals one level of Lethal, Bashing, or Aggravated damage. The healer may even heal fresh Battle Scars (see p. 259) in this manner, if the Gift is applied during the same scene in which the scar is received and an extra Gnosis point is spent.

HARE'S LEAP: ■□□□□ - Leap of the Kangaroo, Salmon Leap

-- Lupus/Fiannas gift
The werewolf can leap impossible distances. Hare-spirits teach this Gift, naturally, though cat-, frog-, kangaroo-, and even flea-spirits occasionally do so as well.
-- System
The player makes a reflexive Strength + Athletics roll (difficulty 7) to activate this Gift. If successful, the character's leaping distances are doubled for the scene - or tripled for a single turn with the expenditure of a Willpower point (see Jumping, p. 271).

SPIRIT SPEECH: ■□□□□ -

-- Theurge gift
This Gift bestows understanding of the language of the spirit world, permitting the Garou to clearly understand and speak with any spirit he encounters. The Gift doesn't influence spirits' attitudes toward the werewolf in any way, nor ensure that they have any desire to communicate with him. Any spirit can teach it.
-- System
Once learned, this Gift allows the Garou to understand the communication of spirits intuitively. Particularly alien spirits may be difficult - or, in the case of many Banes, outright painful - to understand.

SMELL OF MAN: ■□□□□ -

-- Homid gift
To creatures of the wild, man's scent is death. To creatures of the city, it is authority, comfort, easy meals. This Gift, taught by an ancestor-spirit, enhances a werewolf's human scent, infusing it with spiritual power.
-- System
Non-supernatural wild animals lose two dice from their dice pools when interacting with the Garou, save when defending themselves or running away, and will be inclined to flee rather than attack if possible. Domesticated animals recognize the werewolf as a friend, and even trained attack dogs will do no more than wag their tails at the character unless attacked first. This Gift's effects are permanently active.
